

# CIVIL & ENVIRONMENTAL PIPEWORK

Deepdale manufacture large diameter Rolled & Welded Pipework in Carbon & Stainless Steel to all major codes and provide a complete fabrication service to the main contractors in the Civil Engineering, Geotechnical & Water Industries.

Sizes range from 350mm Dia. up to 4600mm Dia., with individual sections up to 30 Tonnes in weight and 20 metres in length.

Internal & external coating to the required specification can be carried out by our associated specialist lining sub-contractor.

We operate a Quality system to ISO9001/2000, with welding coded to EN.288/287 & A.S.M.E standards.

## TYPICAL PRODUCTS:

- Pipelines
- Piling Tubes
- Concentric Reducers
- Eccentric Reducers
- Transition Pieces
- Equal Tees & Reducing Tees
- Lobster Back Bends
- Long Radius Elbows
- Multi Branch Manifolds

Over the past 50 Years we have gained an enviable reputation for Quality of Workmanship & personal service to become a leading sub-contract fabrication company in the UK, and more recently Europe and the Far East.

We would welcome the opportunity for our experienced Sales Engineers to offer and quote cost effective solutions to your requirements.
